or contact Mike Stallings K4RVR at [k4rvr@arrl.net](mailto:k4rvr@arrl.net) (321) 636-3619

# The Florida Solar Energy Center is located at:

1679 Clearlake Road - Cocoa, Florida 32922 at  
Brevard Community College - Cocoa Campus

## Directions From South Florida:

Take I-95 north to Cocoa to SR-524 (Exit 202) and Exit right onto SR-524 and proceed east to SR-501, then south to FSEC past Wal-mart. The road turns into Clearlake Road and center is at the intersection of Michigan and Clearlake. Park at Blue building..

## Directions From North Florida:

Take I-95 south to SR-528 (Exit 205). Exit east onto SR-528. Proceed east on SR-528 for approximately 4 miles from Interstate 95. Take the first exit off of SR-528 to Industry Road and Clearlake Road. Proceed to the **stop sign** at the end of the off ramp. Turn right at the stop sign onto Industry Road and immediately move into the left-hand lane. Industry Road dead-ends into SR-524 and SR-501 at the traffic light that is approximately 500 yards from exit ramp stop sign. You will need to turn left at this light, so get into the left hand lane as quickly as possible after turning onto Industry Road. At the traffic light turn left onto SR-501 (Clearlake Road) and proceed east. Follow the sharp right-hand bend in the road and proceed south to the next stop light at the intersection of Clearlake Road and Michigan Avenue. The Florida Solar Energy Center is a large blue building with red and yellow trim on the right. Proceed straight through the intersection, move into the right-hand lane, and turn right into the first entryway.
